

Today: The Gospel is Deep Red
Text: Romans 5:9-10
Series: The Gospel's Primary Colors
Speaker: Pastor Kevin

Series: There are important themes in Romans that seem to relate to a primary color.

Deep Red: the passion & intensity of Jesus in which He _____ for us & _____ with us His blood.

The more we understand the physical properties of our own blood the more we see what Jesus' blood both did and does for us.

Romans 5:9 is what Jesus' blood did for us: it justified us.

Romans 5:10 tells us what Jesus's blood continually does: it is power at work in us NOW.

The Power of Christ's Blood Shared With Us

As blood is life to the body, so Christ's blood is life to each of us and the whole church.

As blood cleanses the body of toxins, so Christ's blood continually cleanses us from sin's toxin.

As blood overcomes antigens, so Christ's blood ultimately overcomes every enemy the Christian and Christ's body, the church, faces.
