

NEW SERMON SERIES

Series Synopsis: The fractured, polarized times that we live in have produced a culture that glories in outrage. If Christ's people are to change the conversation from hostility to civility in the breakroom, around the dinner table, and across our culture's deep divides, we must have the "needful things" Jesus can and will provide. **In the unifying wisdom and empowering grace of Jesus we find the gospel that restructures our hearts and identities so we can speak Gospel truth with kindness and clarity.**
